QUOTATION TO

Independent Fashion & Retail Designer

Design Studio / Publications Archive
New Delhi / Mumbai, India
(Reference: Miss Bhavika)

Dear Sir,

Thank you for the opportunity to discuss your requirements. Based on our conversation regarding the migration of your 100+ publication archives from Issuu to a dedicated self-hosted digital magazine & portfolio platform, we are pleased to submit the following quotation for the complete design, engineering, and deployment of your bespoke platform.

SCOPE OF WORK

1. Interactive 3D Flipbook Magazine Engine (Issuu Replacement)

- Realistic animated page-turn & touch-swipe experience for multi-page PDF documents (Kindle / physical magazine feel)
- Fully responsive design: optimized for smartphones (touch swipe), iPads/tablets (dual-page view), and desktops with high-res zoom
- Categorization & Tagging: Fashion Shows, Retail Projects, Education & Workshops, Monthly Editions (Jan, Feb, etc.), and Press Clippings
- Publication Manager: Easy-to-use admin dashboard to upload, update, categorize, or delete PDF magazine editions anytime

2. Gated Access & Automated Lead Generation System

- Mandatory viewer registration wall requesting **Full Name, Email ID, and WhatsApp / Phone Number** before unlocking full magazine reading
- Live Lead Capture & Sync: Captured visitor details are recorded securely and sync directly to an exportable dashboard / Google Sheet
- Returning visitor recognition to avoid redundant re-prompting for verified users

3. Pinterest-Style Masonry Gallery & Monthly Editorial Blog

- Dynamic masonry grid layout showcasing thousands of high-resolution JPEG runway, fashion show, and retail installation images
- Full-screen lightbox zoom and high-speed media preview with progressive image loading
- Dedicated Press, News & Monthly Blog module to publish design articles, newspaper clippings, and milestone achievements

4. Minimalist Luxury Indigo UI & High-Traffic Cloud Infrastructure

- Bespoke luxury editorial aesthetic utilizing your requested **Indigo Color Palette** (Deep Indigo, Slate Blue, Crisp White, Slate Grays)
- 5 Core Page Architecture: Home / Shelf, Magazine Catalog, Masonry Gallery, Press & Blog, About & Direct WhatsApp / Social Contact
- High-traffic cloud storage (10 GB+) & Cloudflare CDN architecture engineered to effortlessly handle 100k–300k+ monthly viral views with near-zero recurring hosting costs

* Final layout styling and category structure to be confirmed at kickoff; minor adjustments within the agreed scope will not affect pricing.
